

**BOYS:
BRING A DOG**

And 29c to the front of Richardson-Hunt's store at 10 o'clock Wednesday morning and keep the dog, give us 29 cents and you can have a swell pair of GENUINE CLOVER LEAF SKATES, never sold before for less than 50c.

The chance of a lifetime. You must have a dog and 29c, and you must be here at 10 o'clock Wednesday, or no skate.

Tell your mothers we are offering wonderful values on everything for the Thanksgiving table tomorrow and Wednesday. They'll save. The biggest Toyland—the real Toyland—opens Friday. Watch for it. Wait for it. Don't miss it.

**ANOTHER GRATEFUL
ENDORSEMENT OF NEW
MEDICAL SYSTEM**

Ogden Lady Tells What Inter-State Doctors Have Done For Her.

**RAPID RESULTS
ASTONISH MANY**

Treatment Non-Surgical.

Ogden and Utah people are quickly learning the wonderful results and the merits of the new system as practiced by the Inter-State Doctors who have their Ogden medical institute on the second floor of the Commercial National Bank Building, 24th St., next to the Eccles Building.

Within the last week alone several testimonials of praise by Utah people have been given them from pleased patients, who have found their relief so astonishing that they deem it worthy of a public statement for the aid of other people.

"Ogden, Utah, Nov. 21, 1914.

"The Inter-State Doctors:

"The history of my case is as follows: I have been sick for the past seven years with terrible pains in my abdomen, which at times so exhausted me that life was a burden and work became a drudgery. I doctored lots, but to no avail. Two years ago I was operated on, twice in one month—both times very serious operations—and still my condition in a week or so was the same as before. I kept on suffering and didn't care whether I lived or not. This condition kept on for the last two years after the two operations, and I went again to the doctors and they wanted to operate again. I then went to the Inter-State Doctors, and now wish I had done so long ago in the first place, before I underwent all those operations, for now after only two weeks' treatment with them I can positively state that my improvement is so great that I feel better now than I have in the last seven years. I am free from pain, am enjoying life and take pleasure in my work, whereas before it was a burden to me.

"I am making this statement because I can't say enough in praise of what the Inter-State Doctors have done for me and also because I want other people to know where to go for help.

(Signed) "MRS. ALEX STRICKER,"

**MANY CITY BLOCKS ARE
PAVED DURING THE
SEASON**

Completing the asphalt surfacing of Hudson avenue, between Twenty-third and Twenty-fourth streets, today, by Contractor G. A. Heman, closed a successful campaign of street paving in the city, and it is said by the engineering department that the streets and avenues in the business and residential district from Washington to Harrison avenues, between Twenty-fifth and Twenty-seventh streets, have never been in such fine condition.

Mr. Heman completed the Hudson avenue work at the noon hour and immediately began patching on Washington avenue, extending from Twenty-second to Twenty-sixth streets. The contractor states that it will require only the afternoon to do the patching marked out, and in the replacing of surface on the new work that has been slightly damaged by gasoline from automobiles. Tomorrow morning he will take his paving outfit to Salt Lake, where he has about 30 days work on hand. He says that he has had "ups and downs" in the paving work in Ogden during the year but he is certain that he has put in good paving and that the people will be pleased with it as they become more familiar with its worth.

During the year, twenty-two blocks of paving have been perfected, most of which is surfaced with asphaltum, the exception being four blocks on Lincoln avenue, from Twenty-sixth to Thirtieth streets, and on Twenty-seventh street, between Washington and Adams avenues, which is concrete paving. The J. P. O'Neill Construction, a home company, did thirteen blocks of the paving, including Twenty-fifth street, between Washington and Harrison avenues, Eccles avenue, between Twenty-fifth and Twenty-sixth streets, Fowler avenue, between Twenty-fifth and Twenty-sixth streets, Twenty-fourth street, between Washington and Grant avenues, and Twenty-seventh street between Washington and Jefferson avenues.

Contractor G. A. Heman of Salt Lake paved Twenty-fifth street, between Washington and Wall avenues; Wall, between Twenty-fourth and Twenty-fifth streets, and Hudson ave-

nue between Twenty-third and Twenty-fourth—five blocks in all.

The Parrott Brothers of Salt Lake paved with concrete Lincoln avenue between Twenty-sixth and Thirtieth streets, four blocks.

It is reported that already property owners are planning for extensive paving next year, but it is possible that before the winter is over, the plans may be changed, or that they will fail to materialize. Paving on Twenty-fifth street from Washington to Harrison avenues, having proved so satisfactory, it is claimed that property owners on Twenty-fourth street, covering the same distance, east and west, will ask the commissioner next year to pave that street. It is also claimed that a movement is now on foot for the paving of Twenty-third street, from Washington to Wall avenues, and that property owners on Adams avenue, between Twenty-third and Twenty-eighth, will ask for paving in the early part of the year. The territory enumerated includes sixteen blocks.

**PROBATE AND MOTION
CALENDARS IN THE
DISTRICT COURT**

In Judge James A. Howell's division of the district court this morning, the probate and motion calendars were disposed of as follows:

Estate of Eliza Rainey, deceased, petition to sell real estate, granted. Petition for confirmation of sale of real estate and certain water stock, in the estate of Cajetan Ducheneau, deceased, granted.

In the matter of the estate and guardianship of Grace Evelyn Toome et al. minors, the petition for an allowance to pay for medical services for Grace Evelyn Toome, granted and the allowance fixed at \$35 a month.

Estate of John Wheeler, deceased, petition for nunc pro tunc decree approving, allowing and settling final account, distributing the estate and discharging the administrator, granted. It was shown that a decree of final settlement was issued in the estate in 1894 but that, for some unaccountable reason, it had never become a part of the record of the proceedings in the case.

Petition for the confirmation of sale of real estate in the estate and guardianship of Ernest William Harrop, et al. minors, granted.

Estate of Elmer H. Baker, deceased, the court granted the petition to sell real estate, with the understanding that all parties interested be advised of the order before the time of the sale of the property.

The petition for supplemental decree of distribution of the estate of N. J. Hogan, deceased, was granted. Fred Manning vs. Fred Vorhees, motion to strike, denied.

Alfred A. Lundberg vs. Mary Jane Whipple, et al. demurrer, passed.

First National bank of Ogden vs. Robert McFarland, demurrer, overruled and 12 days given in which to answer.

Sophia McBride vs. William E. Quillinan et al. demurrer, overruled and 20 days given to answer.

Due to the vacating of the setting for trial of the two criminal cases against Joseph Henry Martin, Judge Howell stated that he would readjust his trial calendar next Wednesday morning.

District Attorney John C. Davis advised the court that he had not yet succeeded in settling with the county board of commissioners respecting expert witness fees and that he would not undertake the trial of the Martin cases until he had some assurance that the witnesses on handwriting would be paid for their services.

**TWO SUBSCRIPTIONS
TO THE FUND FOR
THE STARVING**

Since the Standard last week opened a "Dollar Christmas Fund" in Ogden for homeless Belgians, two subscriptions have been received, the acknowledgment of which follows:

John Culley \$1.00

John Cook 1.00

Pass the Plate.
In response to the appeal of Henry Clews the New York banker, 1200 heads of families, boarding houses and hotels have undertaken to pass the plate before dinner on Thanksgiving Day in aid of stricken Belgians. We are requested by the Dollar Christmas Fund which is backed by a committee of prominent American citizens, to publish this fact and to invite the co-operation of our readers to ensure a great success.

All collections made Thanksgiving Day should be sent to Mr. Henry Clews, Broad Street, New York, and the total will be added to other funds to be applied in the relief of innocent children, distressed Belgian women and aged Belgian men. All the money contributed will be sent to relief headquarters without deduction. In closing his appeal to American sympathy in behalf of the people without a country, Mr. Clews says, "To pity distress is but human; to relieve it is godlike."

The Standard will close the fund in Ogden on December 5 in order to get the money to New York by December 10.

**BERLIN REPORT
OF WAR NEWS**

Austrian General Denies Reported Friction Between German and Austrian Military Leaders.

pro-German in his sympathies. Febri Denies Story.
At his home here, Ernesto G. Febri denied that he or his brother had ever conveyed any information to German officials and treated the whole story as a joke. He said his brother maintained a wireless plant simply for amusement.

Alleged close friendship of the Febri brothers and Captain Polack of the Kron Prinzessin Cecile was one of the chief reasons why the government agents placed a close watch on the Febri wireless. After the steamer had put in at Bar Harbor for fear of capture by British warships, it is said, Captain Polack was frequently entertained at dinner at the Febri cottage and on one occasion the Febri brothers entertained 250 of the ship's crew at a theatre at Bar Harbor.

Mr. Febri said today that he and Captain Polack were close friends.

Turks Are Advancing.

Official reports given out in Constantinople and reaching Berlin today tell of the continued successful Turkish advance upon Batum, the Russian port on the Black sea. All the territory between the Turko-Russian border and the river Churuk is in Turkish hands, while a Turkish force in the southern part of this territory has taken Artvin. The Turks declare that the English losses at Shatt-el-Arab amounted to 750 dead and several thousand wounded.

The report is reiterated that the Turks reached the Suez canal at El Kantara, after defeating the English in a sanguinary engagement at a point thirty kilometers (about 13 miles) to the eastward of the canal. English fled, leaving many dead.

Germans Confident of Victory.
Confidence is very great in German military circles today that the result of battles now raging in Russian-Poland will prove a decisive victory for the Germans and Austrians and will settle the fate of the Russian campaign.

An official report from Vienna added to this feeling, with the declaration that the Teuton allies were continuing their attacks successfully. One statement in the Viennese report to the effect that heavy battles were in progress to the west of Dunajcs in Galleja, shows the tremendous extent of territory involved in the struggle. Battles also are waging in the Carpathian mountains.

**SECRET SERVICE
WATCHES PLANT**

New York, Nov. 23.—United States secret service agents today endeavored to learn if the neutrality of the United States in the European war had been violated by the sending of wireless messages from a station under surveillance in Bar Harbor, Me., to Germany or German war vessels in the Atlantic.

The station under surveillance is said to be the private plant of Ernesto G. and Alessandro Febri, brothers, prominent in New York society. The Febri brothers are sons of the late Ernesto Febri, who was a partner of J. P. Morgan and Mrs. Ernesto G. Febri is a grand-daughter of the late William H. Vanderbilt. Although the Febri brothers are of Italian origin, Alessandro Febri is said to be pronouncedly

**"WHY ARE
GOSSARD Corsets Better?"**

DAILY this question is asked thousands of Gossard saleswomen and daily this answer is given:

"Because the best physicians, dressmakers and social leaders and all classes of women say Gossard Corsets are better. They back their statements by recommending them and wearing Gossards in preference to all other corsets."

Eleven years ago, Gossard Corsets were given to the women of the world. No one will deny the fact that women are more beautiful than they were 11 years ago. We feel that Gossard Corsets have done much for women in matters of comfort, health, beauty and in making their corset dollars go farther.

Why not try a Gossard today? They come in a multitude of models—at prices varying from \$40, \$25 down to \$3.50 and \$2.00.

Be fitted today.

Gossard Corsets are the standard of corset styles in North America, South America, Australia and Europe.

HERE'S GERMAN CRUISER BOUGHT BY TURKEY AND USED IN PRESENT WAR

Breslau.

Here is the cruiser Breslau, which took part in the recent naval engagement between Turkey and Russia in the Black Sea. When Germany declared war on the allies, the Breslau and her sister ship, the Goeben, were in the Mediterranean. Rather than risk their falling into the hands of the allies, Germany sold these vessels to Turkey. It is said they still retain their German officers and crews.
